BALTEXPO

22nd International Maritime Exhibition & Conferences

10.10–12.10.2023

Gdańsk, POLAND

Ukrainian National Pavilion

THE NEW EDITION OF THE MARITIME TRADE FAIR

Once every two years, the maritime industry comes ashore to meet. This year, we are bringing together three sectors of the maritime economy: the maritime industry, the offshore wind energy sector, and the military sector.

BENEFITS FOR EXHIBITORS

BUILDING RELATIONSHIPS

Exhibitors have direct contact with both contractors and suppliers, as well as public stakeholders, including ministries, embassies, and companies from the small and medium-sized enterprise (SME) sector.

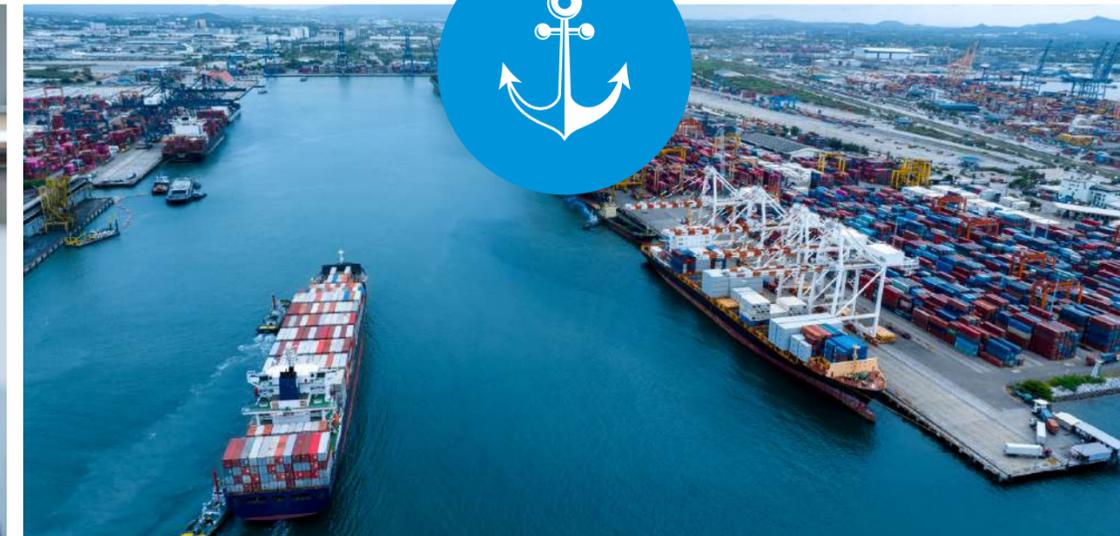

CONTRACTS AND NEW BUSINESS PARTNERS

By utilizing modern matchmaking tools, exhibitors will establish new contacts. Additionally, they will benefit from the innovation and startup space in the maritime industry, developed in collaboration with INFOSHARE specialists.

UNDERSTANDING THE NEEDS OF THE MARITIME INDUSTRY

The growing maritime industry creates a demand for a range of new technologies and modern services. This is an opportunity to engage in industry development and contribute to the supply chain.

OPPORTUNITIES FOR EXHIBITORS

HEADHUNTER ZONE

The opportunity to recruit employees, specialists, subcontractors, students, or individuals aspiring to work in the maritime industry.

FREE TIME FOR THE INDUSTRY

We provide our partners and exhibitors with interactions in a social atmosphere. Nothing brings people together like genuine conversations.

BUSINESS SPEED DATING

The opportunity to schedule meetings with specific exhibitors, partners, or stakeholders. The exhibitor has the autonomy to choose whom they want to meet.

STUDY VISITS

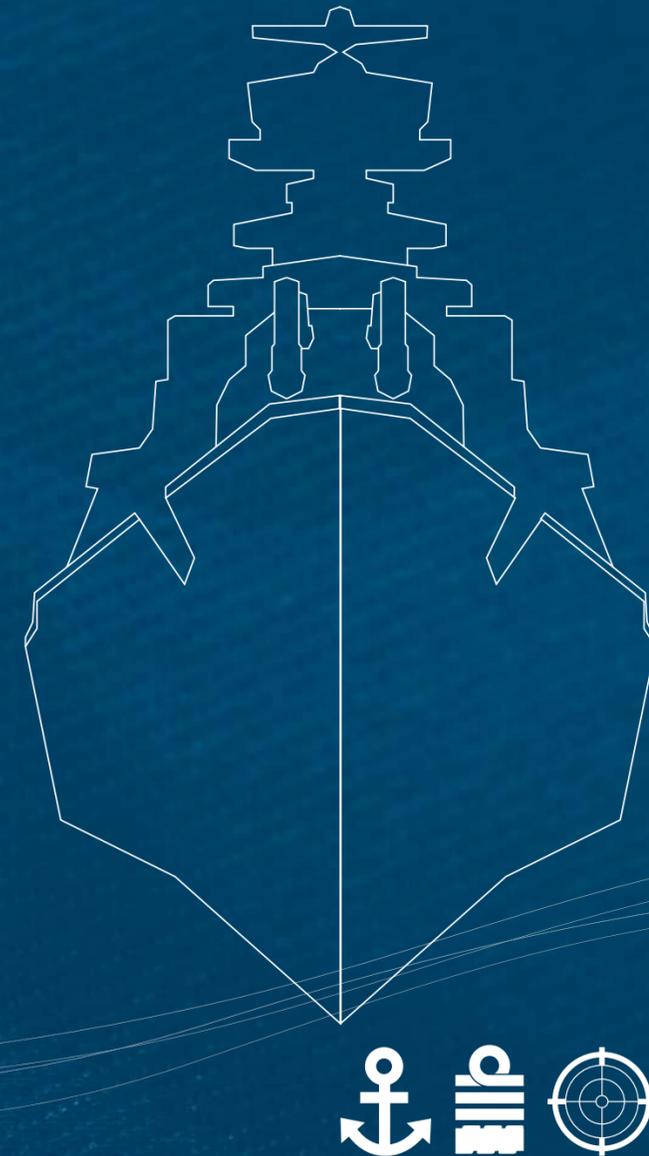

The opportunity to meet key representatives of the maritime industry during study visits to their organizations.

BALT MILITARY EXPO IS BACK!

Military Showroom at **BALTEXPO** is a continuation of the **BALT MILITARY EXPO** project in a new broader format.

We invite exhibitors who supply naval weapons and equipment to showcase specialised equipment for the military, special services and counter-terrorist units, communications equipment, equipment for the Navy and other services for the Polish Armed Forces and more.
